REMARKS

The figures of births and deaths shown in this statement for week ending the 13th April, 1957 relate to 152 towns with an estimated population of 22,630 thousands. Information about Andhra Pradesh, Assam, Bihar, Kerala, Madhya Pradesh, Pondicherry, Rajasthan and West Bengal could not be included. The total number of towns is 318 and their population is 41,584 thousands. Thus 48% of the total number of towns representing 54% of the

total population is covered in this statement. The number of births and deaths recorded in these towns were 12,289 and 5,196 representing birth and death rates of 28.2 and 11.9 per thousand of population respectively.

No town recorded a high death rate of 50 or above per thousand of population. The following table gives the position by States :—
